Organization name	:	1 EPAL Drapetsonas
Organization type	:	Vocational education institute/school
Organization description	:	<p>The 1st EPAL Drapetsonas is a Vocational High school located in the area of Drapetsonas of the Metropolitan Municipality Keratsiniou-Drapetsonas on the southwestern tip of Attica in Greece. Our area is bordered by Piraeus , a city with the largest port in the country and Perama that houses the Seamen Repair Zone. Past seasons before the economic crisis the regions attracted labor of many nationalities . Today, six years after the onset of the economic recession in Greece unemployment is plaguing the region, affecting locals and immigrants.</p> <p>Our school is an intercultural environment with bold aggression, destruction and trends school dropout. These phenomena seem to have been increasing in recent years. Learning up to date efficient educational methods for minimizing them is a priority to us. We are also interested in Human Resource Management, learning new methods of teaching and training and Internship for our students.</p>
